

SINGAPORE • FEBRUARY 23 & 24, 2027

GLOBAL MARKET ACCESS SUMMIT for DISTRIBUTORS

We Curate. You Evaluate.

A Curated International Market Access Summit. Explore Novel Agricultural Inputs and Technologies. Get Ahead of Your Competitors.

EVALUATE UP TO 25 CURATED INNOVATORS

Participation is by qualification and selection only.

PACIFIC
AGRISCIENCE

The Opportunity

Finding innovative agricultural inputs and technologies that can strengthen your portfolio and improve profitability has never been more important — or more difficult.

Meeting suppliers individually requires extensive travel, significant management time and considerable investment.

The Global Market Access Summit brings carefully selected novel agricultural inputs and technology innovators and manufacturers to one location.

Allowing distributors to evaluate multiple suppliers over three highly productive days in Singapore.

NOT A Trade Exhibition	NOT A Start-Up Showcase	A CURATED Business Summit
---------------------------	----------------------------	------------------------------

Why Attend?

In this event you can:

- Evaluate up to 25 carefully selected suppliers
- Compare innovative agricultural inputs and technologies side by side
- Meet company owners and senior executives directly
- Conduct structured one-on-one meetings
- Meet selected service partners
- Identify and evaluate novel agricultural inputs and technologies capable of strengthening your portfolio and improving profitability
- Continue one-on-one meetings and discussions independently on Day 3

Summit at a Glance

Participation is by qualification and selection only, ensuring exclusive access to qualified partners and meaningful commercial opportunities.

CAREFULLY SELECED INNOVATORS

Up to **50**

QUALIFIED DISTRIBUTORS

3 Days

PRESENTATIONS PLUS
ONE-ON-ONE MEETINGS

1 Goal

GLOBAL MARKET
ACCESS AND
PARTNERSHIPS

PACIFIC
AGRISCIENCE

Why This Summit Is Different

Every presenting company has been selected because it has:

- A novel, commercially validated agricultural input or technology
- Proven market acceptance and commercial traction
- Solid field performance
- A genuine strategy for international market access

C S Liew, a co-founder of Pacific Agriscience, who is organising this summit, has 50 years of global experience in agricultural inputs and market access. C S is well qualified to evaluate novel agricultural inputs and technologies and, select participating innovators and manufacturers for this summit.

They are seeking distributors — not investors.

This gives participating distributors confidence that every presentation represents a realistic commercial opportunity rather than an early-stage concept.

CONVENTIONAL APPROACH

- Around 15 international business trips
- Approximately 60–90 days of business travel and engagement
- Significant management time
- Bombarded with unsolicited and unqualified product offers
- Estimated investment: in excess of USD 80,000

THIS SUMMIT

Connects distributors and innovators — delivered through a single event.

We separate the wheat from the chaff.

Total Investment: USD 2,980 per distributor plus one trip to Singapore

Distributor Packages

Standard

FIRST DELEGATE
USD 1,990

EACH ADDITIONAL DELEGATE
USD 990

TOTAL INVESTMENT PER COMPANY: USD 2,980 (for 2 delegates)

BUILD NEW PARTNERSHIPS. STRENGTHEN PORTFOLIO. ACCELERATE GROWTH. INCREASE PROFITABILITY

Every distributor participating knows the companies presenting have been carefully selected for their commercial readiness — creating a focused environment for meaningful discussions and long-term partnerships.

In Their Words

Feedback from sponsors and delegates at our recent Global JV Pesticide & Toll-Manufacturing Workshop held in Singapore, July 2026

"It was truly an excellent event—very well organised and highly successful. The way you curated and balanced the agenda made the event highly relevant and engaging for everyone."

— **Jitendra Mohan**

Willowood, India

"The Workshop was outstanding. Was good to connect with HELM, FMC and many others to explore wonderful friendship and business opportunities."

— **Shalil Shroff**

Punjab Chemicals, India

"A very well organised and executed Workshop. I found the workshop incredibly educational because of the diversity of perspectives from industry veterans as well as up-and-coming leaders."

— **Ahnaf Chowdhury**

Shetu Corp, Bangladesh

"It was an insightful and well-organized event... look forward to events hosted by Pacific Agriscience in the future."

— **Naveen Mongkoltanmakul**

InterCrop, Thailand

"You have done a great job!"

— **Luigi Bazollo**

Leonardo Lifescience, Italy

"A great event...was very nice to interact with real decision makers."

— **Dave Bengardi**

Agricon, Indonesia

"A great workshop...I got a lot out of it and plenty of opportunities to follow up with for the future growth of 7 Worlds Ag."

— **Ben Coombe**

7 Worlds Ag, Australia

"The two days were very informative... we gained a lot during various discussions and one to one meetings."

— **Ashok Dhiman**

Sara wasti Group, India

"Coming from the public health pest management industry, it was truly an eye-opening experience to gain a better understanding of the agricultural sector. I also appreciated the opportunity to meet industry leaders from different countries and exchange ideas, which has certainly broadened my perspective."

— **Jason Tan**

Lexikon, Singapore

"It was a platform to drive strategic discussions and relationships for supply competitiveness, innovation and market access – aided by insightful discussions on localized innovation, biologicals and related. One of a kind, a first in the crop protection industry that I am aware of."

— **Kumardev Datta**

FMC, USA

"An excellent program that provided valuable first-hand insights into the global market during these challenging geopolitical times. The intimate setting encouraged meaningful networking, insightful discussions, and new opportunities for collaboration"

— **Ankit Jain**

Hindustan Rasayan, India

"An excellent forum to get to know the industry trends, to discuss, to share, and of course to meet old friends, and to create new connections across our industry. The setting and atmosphere were very conducive, everything was flawlessly organized and I thoroughly enjoyed participating, so I hope you will organize a similar event the coming year again."

— **Paul Brandeis**

FMC Agro Singapore Pte Ltd, Singapore

"An amazing event. Hope for more with SML's additional participation. Based on subject matters, we could try to bring, and areas of discussions we could work on, for the next shows"

— **Bimal Shah**

SML, India

"Great opportunity to listen to very relevant players and understand the future of the market. Congrats on the perfect event"

— **Karim Pechliye**

IGC Partners, Brazil
